

## 2020 Conference Announcement on Euro Heart Failure

### Dr. Fabiola Sozzi

Professor, Staff cardiologist, University Hospital Policlinico of Milan, Italy, E-mail: [fabiola.sozzi@policlinico.mi.it](mailto:fabiola.sozzi@policlinico.mi.it)

### 2020 Conference Announcement

[Cardiology](#) is a medical specialty focusing on the structure, function, pathology and disorders of the [Heart](#).

There are evidences that the heart plays a major role in lives of human creature. Over the time, our understanding of the link between heart that associated with many other organ disorders has evolved. The new therapeutic targets in [heart surgeries](#) would be the focus of future research.

Over the past decades Cardiology has gathered an increasing amount of attention. Cardiology is a branch of science that deals with the corrections in irregularities of Heart. Cardiology is mainly concerned about disturbances in the beats of heart. Though many concerned issues arising are generally within the heart, but still there are few issues that can be from outside the heart resulting in cardiac diseases. The recent developments that has been occupying the society of cardiovascular diseases is the outcome of previous failures or poor cardiovascular treatments. The most significant cardiologic developments and discoveries of the last century are [Hypertension](#); [Heart Diseases in women](#) and the [Interventional Cardiology](#); "[Cardiovascular Pharmacology](#)" and Clinical [Cardiology](#); Coronary Care Units; Echocardiography; [Clinical case reports](#) on [cardiology](#); Cardiac Catheterization and Coronary Angiography; Open-heart Surgery; Automatic Implantable Cardiac Defibrillators and Coronary Angioplasty.

**Naranjan S. Dhalla**, from **University of Manitoba**, Canada to present a Keynote Speech on "**Rationale for the prevention or Therapy of Sudden Cardiac Death in Heart Failure**"

Euroscicon Conference is glad to schedule the **Euro Heart Failure and Heart Disease Congress** during August 10-11, 2020 in Paris, France.

Join us to witness invaluable scientific discussions and add to the future advancements in the field of Cardiology in the upcoming "**Euro Heart Failure and Heart Disease Congress** during August 10-11, 2020 in Paris, France.

This Conference will give a discussion to trade of thoughts and legitimate perspectives by driving researchers, exchange of ideas from the academicians of the best establishments from around the world. Settled keynote speakers and surely understood driving researchers and specialists from around the world will be relied upon to share their mindfulness and discussion about different angles identified with different bleeding edges.

Conference brings together the experts from all the aspects to meet and discuss the future and current status to thrive and endure with a better result. The participants can exchange and share their research results covering the scientific aspect. The event will unite Directors, Director of Laboratories, Universities, Industries, Delegates, Investigation experts, Investigators, Post-Doctoral Fellows, Research and Analytical Laboratories, Students, Research organizations, Market Research and Consulting Firms and all the intrigued individuals ready to upgrade and refresh the comprehension on the subject.

This interactive conference will combine technical input, personal effectiveness facilitation and practical hands on experience. This will ensure delegates go away with skills to enable them and their teams to perform to the peak of their abilities, to continue to push the boundaries in delivering better, high quality international conferences. There are different sessions in the Conference like Keynote session, Oral Presentation, Poster Presentation, Workshop and Video Presentation. Participants will get following benefits:

- All accepted abstracts will be published in the respective Journals.
- Each abstract will receive a DOI provided by Cross Ref.
- Certificate of Presentation
- Best Poster Awards
