

## Awards 2020 of International Conference on Medicinal Chemistry, February 19-20, 2020 | Amsterdam, Netherlands

### Soliman Khatib

Researcher, Department of Oxidative Stress and Human Diseases, Migal-Galilee Research Institute, Israel, E-mail: [solimankh@migal.org.il](mailto:solimankh@migal.org.il)

#### Expert Level

This award is the highest level of our award known as the "[Honorary Award](#)". Who has had a major impact on Medicinal Chemistry and has more than 15-20 yrs. of experience in this field and published more than 200-300 research papers in reputed international journals and made important contributions to the discovery or development of new medicines. Who have many types of research, teaching experiences and an important impact on the analytical and theoretical development in the field of [Medicinal Chemistry](#). Nominees can be employed in any company, university, government or a private research organization and must have documented success in the discovery of pharmaceutical entities or a research contribution in medicinal chemistry.

#### Professional Level

This award is known for "[The Research Contribution Award](#)". This award will be given among the participants who have more than 10-15 yrs. of experience in the field of Medicinal Chemistry and published more than 100 research papers in the reputed international journals and whose research has a directly/indirectly significant effect on medicinal chemistry. You can nominate the award through online.

#### Scholar Level

This award is known for the "[Best Young Research Award](#)". The award is given to recognize seminal contributions by young scientists to medicinal chemistry. Candidates must be current graduate students or postdoctoral researchers at an academic institution, private or government research foundation and must have a key role and a contribution to a research project of Medicinal Chemistry. Nominees are expected to have exemplified creativity in medicinal chemistry or biology to problem-solving skills.

#### Women Scientist

Our conference delivers a unique platform for women scientists for presentation their new research projects with an analysis. This award is known for the "[Women of Science Award](#)". We warmly invite women

experts and scientists from any Universities/ Industries/ Research organization to who have more than 10 years of research experience in Medicinal Chemistry to join the forum. We are glad to support our ladies researcher's members through research grants and give help to women researchers in career development. This award will be given to the best women scientist among of all women participants in the conference. This is a great chance for women scientists to get this award in joining our conference.

#### Outstanding Speaker

This award will be given to the best speaker among the all speakers who are attending the conference to present their research thesis, projects that have been executed to improve long-term excellence in [Medicinal Chemistry](#).

#### Best Keynote Speaker

This award will be given to a keynote speaker among all keynote speakers who are attending in the conference. Whose research works have a significant excellence in the field of Medicinal Chemistry for improving the long-term excellence.

#### Best Poster Presentation

The award will be given to the poster presentation participant who has given best poster presentation in front of all participants in the conference. All accepted abstracts will be presented at the poster sessions during the conference in-front of all participants.

#### Outstanding Thesis

The award is identifying for Masters/Ph.D./Post Doctorate research work presentation who will present their projects and thesis that have been appeared to improve long-term importance in the field of Medicinal Chemistry. You can nominate online for deserving this award.
